### EXPEDITED HIRING AUTHORITY FOR SELECT ACQUISITION POSITIONS IMPLEMENTATION PROCEDURES

#### 1. Authority.

a. Subsection 1705(g) of title 10, United States Code (U.S.C.), provides the Secretary of Defense may (1) designate any category of acquisition positions within the Department of Defense (DoD) as positions for which there exists a shortage of candidates or there is a critical hiring need; and (2) use the authorities in sections 3304, 5333, and 5753 of title 5, U.S.C., to recruit and appoint qualified persons directly to positions so designated.

b. The authority to appoint qualified persons under the expedited hiring authority (EHA) to positions for which there exists a shortage of candidates or there is a critical hiring need is delegated to Secretaries of the Military Departments, Directors of the Defense Agencies, and Directors of the DoD Field Activities with independent appointing authority for themselves and their serviced organizations as defined in their respective DoD chartering directives (hereafter referred to as "Components"). This authority may be further re-delegated in writing.

c. Appointments under this authority may not be made after September 30, 2017. Components must maintain records on their use of this authority for themselves and for their serviced organizations until the authority expires. They may be asked to submit reports on usage.

2. Use of Expedited Hiring Authority – Expedited hiring authority enables the Department to recruit and appoint qualified persons directly after public notice is given without applying competitive rating and ranking procedures. The following principles shall be followed when exercising this authority:

a. A highly qualified workforce is critical to the Department's mission.

b. Recruitment efforts should be expansive enough to ensure diverse candidates who are representative of all segments of society.

c. Merit factors shall be the basis for selecting individuals for positions. All personnel programs and practices shall be administered in accordance with DoD Directive 1020.02E, "Diversity Management and Equal Opportunity in the DoD."

d. Qualified candidates with veterans' preference should be considered for appointments when they are found to best meet mission requirements.

e. Displaced employee procedures shall be adhered to when using this authority.

f. Components must ensure transparency, accountability, and auditability in hiring processes.

**3. Shortage or Critical Needs Category Acquisition Workforce Positions – For purposes of this delegation, positions for which there exists a shortage of candidates or there is a critical hiring need and for which this acquisition expedited hiring authority can be used are defined below:**

**a. Positions at the mid-level (GS-9 through GS-13 and comparable levels) and positions at the higher level (GS-14 and GS-15 and comparable levels), but not positions above GS-15 (or comparable levels) such as Senior Executive Service positions, and which are positions designated as included under section 1721 of title 10, U.S.C., the Defense Acquisition Workforce Improvement Act (DAWIA), in the following career fields:**

4. **Definitions** – Qualified individuals are defined as individuals who:

a. Meet the minimum standards for the position as published in OPM's operating manual, "Qualification Standards for General Schedule Positions," and any DoD qualification standards specific to the position to be filled;

b. Meet or will meet DAWIA certification requirements, within the required time frame, for appointment to the position being filled; and

c. Meet any selective placement factor(s) and/or competencies identified as necessary for appointment to the position.

5. **Announcement and Assessment Process**

a. Components will comply with public notice requirements. Public notification may be on a one-time basis or via an open continuous announcement.

b. When using vacancy announcements, Components must use job opportunity announcements that are concise and easily understood (e.g., standard announcement templates for the Acquisition Functional Community, where available).

(1) Components will establish procedures for recruiting that ensure the identification of qualified individuals for referral to management for selection and appointment.

(2) Potential applicants should have ready access to information about how to apply for acquisition positions, and the basis on which they will be assessed to meet the qualified criteria.

c. Components will assess candidates against job-related criteria, ensuring they have the skills and behavioral attributes that lead to success.

(1) Selectees for entry level positions who meet the Administrative Careers with America (ACWA) criteria must be assessed using the most recent, streamlined ACWA examination or a validated alternative assessment instrument (e.g., select USA Hire assessments).

(2) Candidates for mid and senior-level positions must be assessed against basic qualifications and any selective placement factor(s), quality ranking factor(s) and/or key Defense acquisition competencies to determine which candidates best meet mission requirements. A streamlined assessment process is strongly encouraged – e.g., assessment of a candidate against one or two key job-related skills or competencies.
